

# Glacier™

733 FREEZER ADHESIVE

## Glacier™ 733 Freezer Adhesive meets the challenge of...

- Frozen Foods
- Wet or Moist Packages
- Meat Packaging
- Blast Freezer / Flash Freezer

Glacier 733 Freezer Adhesive leaves other adhesives out in the cold. Not only can it be applied at 0° F but it also withstands Flash Freezing. Glacier 733 Freezer Adhesive has good quick tack and is great on irregular and wet surfaces.

Whether it's a label for frozen foods, meat packaging or containers with condensation, Glacier 733 Freezer Adhesive is the adhesive of choice.
