

STATIC CLING VINYL

*Proprietary CLING Film Technology
Designed for Optimal Printability*

Turn any smooth surface into a billboard with Mactac's new 6.0-mil static cling. Ideal for promotional window graphics and automotive oil change decals. Choose clear for a see through appearance, or white for opaque applications. Static cling features a proprietary top coating for superior printability. Durability is two years indoor and up to six months outdoors.

Soft and flexible, the self-clinging film can be quickly and easily applied to and removed from most glass and other high-polished or smooth surfaces, like stainless steel. Typical applications, include:

- Glass or window advertising
- Promotional & point-of-purchase window decals
- Automotive oil change or other automotive window decals
- Price stickers
- Licensed graphics
- Refrigerator graphics
- Reusable seasonal decals
